AMENDMENT 2
COUNTY RESPONSES TO *ADDITIONAL* QUESTION

RFP T099-1001-13

As a result of Amendment #1 an additional question was posed that the County has determined warrants a response that must be included in all submittals.

ITEM	QUESTION #	INITIAL QUESTION OR COMMENT	INITIAL COUNTY RESPONSE
1.	16	In order to price the data conversion we need the following elements: a) The physical data model and data dictionary for the existing Premier IMS from which the data is to be migrated, b) Specific data volumes (i.e., the number of rows in each table) for the existing Premier IMS.	Such information is confidential and will only be provided to the winning bidder after entering into contract. Actual price for the conversion will be negotiated after the Notice of intent to Award is issued. Therefore, price proposals for data conversion should be submitted on a unit price basis. Meanwhile, the total booking record counts have been provided in the RFP.
		FOLLOW-UP QUESTION TO COUNTY RESPONSE	**ADDITIONAL COUNTY RESPONSE**
		Please provide a clear explanation of what a "Unit Price Basis" as indicated in the County Response, Amendment, dated 11/16/12.	The County desires unit pricing to be per hour; however, firms must define the estimated number of hours required for data conversion and must be included in the base package price of the proposal. The County shall use the rate per hour for any additional data conversion required for any phase of this project.
