Request for Information

Planning Services staff is available to answer general questions about the rules and regulations affecting county residents and businesses. Requests for interpretations that apply to specific properties and circumstances may require considerable research and analysis. In such cases, the staff is available to provide that extra service for a fee designed to recover the county's costs incurred by conducting the research and analysis.

If you are interested in obtaining this higher level of service, please submit this completed request and submit it to the Resource Management Department along with the processing fee. We can be reached at the **Department of Resource Management, 675 Texas St., Suite 5500, Fairfield, CA 94533**. If you have any questions, please call the Department of Resource Management at (707) 784-6765.
