### **Data Subcommittee Report**

The committee is working to add data collection points from other agencies including the Courts and the DA's Office. Moving forward, data points collected will be incorporated into the CCP presentation. Carol Cain reported on the information sharing piece. There is a workflow analysis group which have been meeting that covers the DA, Courts, Probation and Custody. There is an ongoing discussion on how to manage the information on AB109 clients as effectively as possible. In addition, the Data Sharing sever is currently being loaded with SharePoint.

Chief Hansen reported the Researcher position approved by the CCP and the Board of Supervisors is being posted and advertised on October 16, 2012.

Deborah Johnson, North Bay District Administrator reported the Parole Board is downsizing. In 2008/09 statewide there were 120,000 active cases, today 60,000 active cases, and by 2015, 30,000. As a result, layoffs for parole will occur. Solano County may be down to one Parole Office. There is an increase in inmates being released by the Parole Board and placed in nursing homes or board and care facilities. These cases will be supervised by Parole. Parole is looking for ways to reduce prison population per Judges' orders. Inmates who are within two (2) years of completing their sentence are being released early with an ankle bracelet and are being solely supervised by CDCR.

“Operation Boo” will take place on Halloween night. Parole Officers will be working in order to ensure offenders (specifically sex offenders) are in their homes with lights off on Halloween night. All homeless registered sex offenders (290s) will be gathered up and placed in two locations, supervised through Halloween night.
